RESIDENT INFORMATION PACKET

The purpose of this packet is to provide residents with information about Brushy Creek Municipal Utility District (the District) and to answer commonly asked questions. If you have any questions after reading the packet, please contact Customer Service at 512-255-7871. For a list of current activities, visit the District website at www.bcmud.org.

Our Mission

Promote the highest quality of life in the Brushy Creek Community by providing the best level of water and wastewater, parks and recreation, and other services in the most cost-effective manner.

Sources of Information

Customer Service

Brushy Creek Municipal Utility District Customer Service is located in the Brushy Creek Community Center, 16318 Great Oaks Drive, Round Rock, TX 78681
 Phone 512-255-7871
 Fax 888-277-5145
customerservice@bcmud.org

Customer Service Hours

Sunday	Monday - Friday	Saturday
Closed	8:00 a.m. – 6:00 p.m.	9:00 a.m. – 3:00 p.m.

Website

For the most current information, please visit the District website at www.bcmud.org. One of the District’s goals is to make our website the primary information resource. By providing an email address to Customer Service, customers can receive new information as it is updated.

Signs

The District maintains five LED signs with current information on recreational activities, District business, and urgent messages. These signs are located at the Brushy Creek Community Center on Great Oaks Drive, on O’Connor Drive by the HEB, at Cat Hollow Park, at the Water Facility in Brushy Creek North, and on Cornerwood Drive near the RRISD Technology Center.

Newsletter

The District publishes a newsletter every month, which is included in your Brushy Creek utility statement. This newsletter contains information on recent Board action, news within the District, the Community Center, and recreation news. The newsletter can also be viewed on the District website.

Catalog

The Community Center publishes a Parks and Recreation Program Catalog twice a year. This catalog is mailed to all residents of the District. The catalog contains a list of athletic leagues, aquatics programs, children’s activities, camps, and classes for all ages. A link to the current catalog can be found on the District website.

Public Information

The District is subject to the Public Information Act and the Open Meetings Act, state and federal laws allowing individuals, private companies, and government organizations access to District documents. The District is committed to complying with public information requests while safeguarding protected confidential information. Requests for documents can be made in person at the Customer Service office located in the Community Center, by mail to the attention of the Public Information officer at 16318 Great Oaks Drive, Round Rock, TX, 78681, by fax at 888-277-5145, by email at PublicInformation@bcmud.org, or through the District website under the *Board & Committees* link. All requests should be marked to the attention of the Public Information Officer.

What is a Municipal Utility District?

A municipal utility district is a political subdivision of the State of Texas authorized by the Texas Water Code with oversight by the Texas Commission on Environmental Quality (TCEQ) to provide water, wastewater/sewage, drainage, and other services within the municipal utility district boundaries.

A municipal utility district functions similarly to a city but does not have the broad powers of a city such as zoning and building permitting, nor can it charge or collect franchise taxes or sales taxes. Businesses located within the Brushy Creek Municipal Utility District boundaries only charge the state sales tax of 6.25%. A municipal utility district lying in an extraterritorial jurisdiction (ETJ) of a city can be annexed by that city subject to certain provisions and requirements in the state law.

History of the District

Brushy Creek Municipal Utility District was formed as Williamson County Municipal Utility District No. 2 on October 27, 1977, with a confirming election on January 21, 1978. The District originally encompassed approximately 725 acres of land. An annexation in 1983 involving most of the land in the present District south of Brushy Creek increased the District to 2,210 acres.

The District name was changed to Brushy Creek Municipal Utility District on August 31, 1990. The District includes two non-contiguous areas, one lying between Sam Bass Road and FM 1431 and one area lying mainly between Brushy Creek and RR 620, but also includes an area south of RR 620. The primary neighborhoods include Brushy Creek North, Sendero Springs, Brushy Creek South, Hillside, the Villages of Brushy Creek, Cat Hollow, the Meadows of Brushy Creek, the Woods of Brushy Creek, Liberty Village, Cat Hollow Condominiums, and Highland Horizons. Please refer to the Home Owners Associations section for a complete list.

The District operates its own water treatment facility and is currently treating water from Lake Georgetown with the most advanced membrane filtration technology. The District also operates two elevated water towers; a 750,000-gallon composite tank located on Neenah Avenue and a 300,000-gallon elevated storage tank was constructed in Sendero Springs adjacent to the Brushy Creek North Subdivision.

The Brushy Creek Municipal Utility District's wastewater/sewer is treated by the Brushy Creek Regional Wastewater Treatment Plant owned by the cities of Round Rock, Cedar Park, and Austin.

The District's parks system has grown dramatically during the 30+ year history. The District parks and greenbelts include Brushy Creek North Park, Little Village Park, Cat Hollow Park, Creekside Park, Community Park, Highland Horizon Park, Pepper Rock Park, Racine Woods Park (also known as Sink Hole Park), Sendero Springs Park, Shirley McDonald Park (duck pond), Sendero Springs Greenbelt, the Woods Greenbelt, Liberty Walk Greenbelt, Community Park Greenbelt, and Wildcat Trail. The District has over nine miles of trails and an 18-hole disc golf course.

The District also operates four public swimming pools, Cat Hollow, Creekside, Highland Horizon, and Sendero Springs. The Sendero Springs and Highland Horizon pools are open year-round and are heated in the winter months.

The District is seeking to provide a sense of community through utility services, parks, support of community groups and activities, and a staff dedicated to serving the community.

District Board of Directors

The District is governed by an elected five-member Board of Directors. Directors are elected at-large and serve 4-year staggered terms. Elections are held every even-numbered year in November. The Board meets on the second and fourth Thursday of each month. Meeting agendas are posted on the glass case bulletin board located at the entrance to the Brushy Creek Community Center, on the District website, and at the Williamson County Courthouse located in Georgetown.

Directors also serve as members of various community-based advisory committees. Residents are welcome to attend the Board of Directors meetings and are encouraged to serve on advisory committees. Please contact Customer Service to volunteer.

Board and Committee meeting agendas and packets can be found on the District website under the “*Board & Committees*” link.

Board of Directors:	512-255-7871
Rebecca Tullos	Place1@bcmud.org
Michael Tucker	Place2@bcmud.org
Kim Filiatrault	Place3@bcmud.org
Tracey Calloway	Place4@bcmud.org
Ken Reifschlager	Place5@bcmud.org

District Committees

The District has three active community-based advisory committees. These committees consist of the Parks and Recreation Advisory Committee, the Community Center Advisory Committee, and the Utilities Infrastructure Advisory Committee. The purpose or mission of committees is to act as a conduit providing information and ideas from the Board of Directors to the Community and from the Community to the Board of Directors.

Residents are welcome to attend any committee meetings and are encouraged to volunteer to serve on a District advisory committee. Agendas and meeting minutes may be found on the District website. Select the *Board & Committees* link. Please contact Customer Service with any questions regarding District committees.

Meeting times and places:

Parks and Recreation Advisory Committee

Meets at 6:00 pm the 1st Monday of every month

Location: The Brushy Creek Community Center

Community Center Advisory Committee

Meets at 6:00 pm the 1st Monday of every month
Location: The Brushy Creek Community Center

Utility Infrastructure Committee

Meets at 6:00 pm on the 3rd Monday of February, May, August, and

November Location: The Brushy Creek Community Center

Property Taxes

The District has taxing authority separate from any other taxing authority and may subject to voter approval, issue an unlimited amount of bonds and levy an unlimited rate of tax in payment of such bonds. The current tax rate on property in the District is \$0.401653 on each \$100.00 of assessed appraised value.

The Defined Area Taxes – The tax rate for property located in the Defined Area is \$0.010000 on each \$100.00 of assessed appraised value.

The District sets the tax rate annually at publicly held Board meetings, generally in September. Board discussions regarding the tax rate and subsequent year budget occur at meetings prior to the tax rate hearing.

The Williamson Central Appraisal District collects the District taxes and is the taxing authority for property within the District. Questions and information regarding other taxes that must be paid by property owners in the

District can be answered by the Williamson Central Appraisal District. The office is located at 625 FM 1460, Georgetown, TX, 78626-8050, and the telephone number is 512-943-1603. To view your current appraised value and property tax rates visit the website wcad.org.

For more information about the District and Defined Area and the related tax rates, please refer to the District’s website under the *New Resident Information* link or contact Customer Service for a copy of the Notice to Purchaser.

Defined Area

A defined area represents a geographical area that is designated by a board of directors of a water district to pay for infrastructure improvements, facilities or services that primarily benefit the defined area. Property owners pay for defined area facilities by payment of a defined area tax in the same way property owners within a water district pay for facilities financed by the water district.

The District has a Defined Area that includes Cornerstone (also known as Highland Horizons subdivision) and sections 2 through 10 of Sendero Springs. The Defined Area was established by order of the Board of Directors of the District on December 13, 2001, and was approved by the voters that lived within the Defined Area February 2, 2002. Additional information and a map of the Defined Area can be found on the District website under the *New Resident Information* link.

Out-of-District Utility Customers

The District provides utility services to some customers that are not located within the District. Out-of-District customers are subject to the same rules and regulations including water conservation as District customers.

Out-of-District utility customers pay different utility rates but do not pay property taxes to the District. Therefore, they are not eligible to vote in District elections and are charged non-resident rates for Recreation programs.

Water Conservation and Drought Contingency Plan

In order to conserve the available water supply and protect the integrity of water supply facilities, with particular regard for domestic water use, sanitation, and fire protection, and to protect and preserve public health, welfare, and safety and minimize the adverse impacts of a water supply shortage or other water supply emergency conditions, the District has adopted the following regulations and restrictions on the delivery and consumption of water.

Voluntary Conservation

At all times when mandatory conservation requirements are not in effect, users are requested to voluntarily limit the use of water for non-essential purposes and to practice water conservation in accordance with the following voluntary watering schedule:

Property Address	Recommended Watering Day
Odd-Numbered Addresses	Odd-Numbered Days
Even-Numbered Addresses	Even-Numbered Days

In the event no address number exists for the outdoor water use location, Users are requested to voluntarily restrict water use to even-numbered days only.

The goal of such voluntary measures is to increase public awareness of limited water resources and to voluntarily reduce water demands that would have occurred in the absence of any mandatory water conservation measures.

Drought and Emergency Water Management Stages

[Stage 1 Mandatory Conservation Schedule](#)

[Stage 2 Mandatory Conservation Schedule](#)

[Stage 3 Mandatory Conservation Schedule](#)

The above information only represents a small part of the District's [Water Conservation and Drought Contingency Plan](#). For a copy of the complete document, please contact Customer Service or access the District website under the [Water Conservation & Restrictions](#) link.

Voting

The Brushy Creek Community Center is an official Williamson County voting site. Early Voting, General Elections, and Primary Elections are scheduled at the Community Center. Run-Off Elections are not held at the Community Center.

Home Owner Associations

Brushy Creek Municipal Utility District is comprised of many subdivisions, most of which have home owners associations. These associations were formed as defined by deed restrictions and operate to maintain deed restrictions and agreements between the home owners and developers. Additional information may be obtained through these contacts.

Utility Services Provided by the District

The utility services provided by the District include:

- Water
- Wastewater/Sewer
- Solid Waste and Recycling

Utility Services

Utility service can be established by completing the service application on the District website, *Forms & Documents* link or *Customer Service* link, or by contacting Customer Service.

All new service accounts require a minimum \$100.00 deposit for standard 5/8" water meters (\$150 for a 3/4" water meter) and a non-refundable administrative fee of \$30.00. When an account holder closes an account, the

deposit will be applied toward the final bill and any remaining balance will need to be remitted. Should there be a credit; a check will be mailed to the account holder. Service requests are processed Monday through Friday, within twenty-four hours of contact with Customer Service. Requests can also be processed with an additional surcharge: someday service (8 a.m.-5 p.m.) - \$90, afterhours (5 p.m.-8 a.m.) - \$60, weekend and holidays - \$60 by paying a non-refundable administrative fee.

To have Services voluntarily disconnected or reconnected during regular business hours of 8 am to 5 pm, Monday -Friday, there is a \$30.00 fee for each service. Requests can also be processed with an additional surcharge: someday service (8 a.m.-5 p.m.) - \$90, afterhours (5 p.m.-8 a.m.) - \$60, weekend and holidays - \$60 by paying a non-refundable administrative fee.

Water Leaks & Service Problems

Water leaks and other service problems should be reported to Customer Service. Arrangements will be made to have the Public Works staff investigate and repair. Customer Service can also arrange to have service lines marked on your property upon your request.

Permits

The District requires any resident installing a water heater or any other water treatment devices that require plumbing work to be performed in the District to receive a permit from the Customer Service office. This requirement ensures that the company that installs a device will obtain a permit and properly install the equipment within the rules and regulations of the District. Please keep in mind that District policy prohibits us from providing recommendations for service providers.

A list of commonly installed items requiring a permit include water heaters, water softeners, pool heaters, and irrigation systems. Permit applications are available at www.bcmud.org, *Forms & Documents*, or *Customer Service* links or through Customer Service.

Explanation of Utility Bill Charges and Fees

Water

In District		Out of District	
Base Fee	\$20.00	Base Fee	\$40.51
Off-Peak (Oct-May)	\$3.50 per 1,000 gallons used	Off-Peak (Oct-May)	\$2.25 per 1,000 gallons used
Peak (June-Sept)	\$4.70 per 1,000 gallons used	Peak (June-Sept)	\$2.95 per 1,000 gallons used

Wastewater/Sewer

New residents are billed based on an average usage of 7,000 gallons until the winter average is established. The District uses a sewer average based on four (4) months water consumption from November through February of the previous year to calculate your monthly bill. Residents are able to impact annual bills to some extent by conserving during these four months. Upon request, a three-month consumption history may be used to adjust your bill below the 7,000-gallon District average.

In District		Out of District	
Base Fee	\$9.00	Base Fee	\$12.00
New Resident	\$3.20 per 1,000 gallons based on District average of 7,000 gallons	New Resident	\$10.80 per 1,000 gallons based on District average of 7,000 gallons

Established Resident	\$3.20 per 1,000 gallons based on 4-month water consumption average (Nov-Feb of the previous year)	Established Resident	\$10.80 per 1,000 gallons based on 4-month water consumption average (Nov-Feb of the previous year)
----------------------	--	----------------------	---

Should you experience a water leak or fill a swimming pool during the averaging months you will need to complete a [Sewer Adjustment Form](#) that can be located at www.bcmud.org, *Forms & Documents* link or by contacting Customer Service. No adjustment will be approved after April 30th of each year.

Solid Waste

Residents are responsible for solid waste fees which are included on the monthly utility statement. **Texas Disposal Systems** is the service provider for Brushy Creek Municipal Utility District. Collection occurs weekly.

In-District and Out-of-District
\$24.03 Standard Fee – 1 garbage cart & 1 recycle cart
\$6.85 for each additional recycling cart
Stop and Restart Services request Admin Fee - \$15/occurrence
Customers are responsible for the cost of replacing solid waste or recycling costs that are lost, stolen, damaged, or destroyed by abuse for \$65 plus a \$25 delivery fee

Acceptable recyclable items include Clean plastic containers with symbols, clean glass bottles and jars, clean cereal and shoe boxes, clean aluminum, steel and tin cans, clean milk or creamer cartons, clean juice boxes, clean egg white cartons, inner rolls from paper towels and toilet paper, clean balled aluminum foil, colored paper fliers, magazines, and newspapers, white and colored office paper, gable-top and aseptic containers, plastics #1-5, 7 and all corrugated cardboard. Large amounts of cardboard should be bundled and placed next to the recycling bin.

Items not accepted include Styrofoam, paper towels, toilet paper, facial tissue, plastic bags, wet paper, paper plates, plastic utensils, and food boxes with a shiny lining (milk cartons, juice boxes).

Contamination occurs when a recyclable item is made non-recyclable and can happen in several ways:

Food waste – wash containers. When a plastic tray from prepackaged meals/TV dinner is placed in the recycle bin with food still on it contamination happens. The entire recycling bin is contaminated, and all items go in the trash. Rinsing/washing recyclables keeps items recyclable, plus it keeps your recycle bin tidy.

Placing items in the bin that are **non-recyclable** is contamination. Plastic bags are not recyclable in your recycle bin. They are recyclable if returned to the correct place (HEB and Wal-Mart accept them). When they are put in the recycle bin, they clog up the sorting equipment at the recycling plant. Please do not place items in the bin unless they are on the accepted list.

Household Hazardous Waste – A limited number of vouchers are available each month on a first-come, first-serve basis from the Community Center Customer Service Office. Collection events are the first Wednesday of each month from 3 pm-6 pm and one Saturday fall event each October. Materials are limited to no more than 25 gallons; containers should be sealed if possible and unmarked containers should be labeled if contents are known. A list of household hazardous waste items can be found under Solid Waste on the Utilities page of the District’s website.

Regulatory Compliance Fee

The District is required to maintain a Storm Water Permit from the Texas Commission on Environmental Quality. The Regulatory Compliance fee is what is used to fund the Storm Water Permit. The Regulatory Compliance Fee

is on the monthly utility statement. The fee is based on the property water meter size with the standard residential 5/8 inch meter charge being \$2.00 per month.

Non-Standard Meter Fees

The District's Rate Order outlines base fees related to non-standard-sized meters and other District fees. The Rate Order is labeled *District Fees and Charges* on the District's website.

Billing Cycles and Payment Options

Utility payment due dates are due 25 after the billing date, approximately due on the 26th of each month. Utility statements may be viewed and paid online.

Our website has special features such as payment alerts and recurring payment options. Other payment options are direct debit, telephone (credit card), in person at the Customer Service, or the white drop box located at the Brushy Creek Community Center. If the payment due date is on a Sunday or District approved holiday, payment can be received without any penalties on the following business day. Please note that the Customer Service Office is open on Saturday and due dates that fall on Saturday will need to be paid before or on that date. If you do not receive your bill in the mail, please contact 512-255-7871 and select option two (2). Failure to receive a monthly utility statement does not negate the responsibility to make payment by the due date.

Late Fees

A late fee of 10% of the current balance is assessed the day after the due date and a delinquency notice is mailed. If payment is not received on or before the 25th day after the billing date each month except as provided below with respect to extreme weather emergencies.

Water Disconnection for Non-Payment

The District will issue a notice of termination after the imposition of the Late Payment Fee. The notice of termination will specify the date of termination of service if payment of the past due amount is not received in full. Service termination date will not be less than ten (10) days after the date of issuance of the termination notice. A \$30 service administrative fee for processing disconnection will be issued to all past-due accounts as of midnight on the day of disconnects. To restore service, the past due balance must be paid.

A \$30.00 Service Administration Fee to reconnect will be applied to a customer's account. (This fee is not required to be paid as a condition of reconnection of service but will be charged to a customer's account. Service reconnections are scheduled for the next business day during regular business hours 8 a.m. to 5 p.m., Monday - Friday. Reconnection scheduling requests for all other times will incur surcharges in addition to any \$30.00 Service Administration Fee. These reconnect scheduling fees are stackable and will be issued to the account. Surcharges for reconnection scheduling are as follows:

- a) Same-day between 8 a.m. and 5 p.m.- Additional \$90.00
- b) Weekends or holidays between 8 a.m. to 5 p.m. - Additional \$60.00
- c) After 5 p.m. or before 8 a.m. - Additional \$60.00

Residents are prohibited from restoring their own services when disconnected by the District. In an instance where unauthorized service is obtained by removing a locking or shut-off device used by the District to discontinue service, a civil penalty of \$150 shall be assessed for the first violation. A second violation will result in a civil penalty of \$250, and any subsequent violation will result in a civil penalty of \$500.

Recreation

Community Center

The District currently operates the Community Center for the use and enjoyment of the residents of the District. The District offers residents the opportunity to become a member of the Community Center in order to obtain certain privileges and discounts that are not available to the public at large. Non-residents of the District may purchase a membership to the Community Center at a higher rate.

The Community Center is approximately 60,000 square feet and includes four full gymnasiums, an indoor walking track, two group exercise rooms, two racquetball courts, rock climbing wall, men’s and women’s locker rooms with showers, a fully equipped weight room, child play area, game room, craft room, community lounge, kitchen, and banquet or meeting rooms.

The District publishes a [Parks and Recreation Program Catalog](#) twice a year listing a variety of programs, both recreational and educational, covering a multitude of age groups and varied abilities. The catalog lists rates for renting meeting rooms and pavilions in the District. A copy of the catalog can be obtained at the Community Center or viewed at www.bcmud.org. Registering for activities online is simple and convenient. All activities, the number of spaces filled, and the number of spaces available may be viewed.

Online registration requires the creation of a login. Once a login is created you are able to view a history of registrations, receive updates for activities for which you have enrolled, and other upcoming events. Contact Customer Service for assistance, if needed.

Community Center Hours

Sunday	Monday - Friday	Saturday
10:00 a.m. – 4:00 p.m.	5:30 a.m. – 9:00 p.m.	7:00 a.m. – 9:00 p.m.

Events

The District holds five signature events each year along with numerous other events for the family.

- Egg Hunt in March/April
- BBQ Cook-off in May
- 4th of July Parade and Festival in July
- Hairy Man Festival in October
- Holiday in the Park Festival in December

Parks, Pools, and Greenbelt Information

The District currently operates several parks, greenbelts, and swimming pool facilities for the use and enjoyment of its residents. Below is a list of locations with associated amenities. A map of District trails can be found at www.bcmud.org under *Recreation*.

Pool Passes and Tennis Passes can be purchased at Customer Service or on-line. Rates and more information can be found in the [Parks and Recreation Program Catalog](#) or at www.bcmud.org,

The Board of Directors has established rules and policies for using District parks, pools, and greenbelts. These may be viewed under *New Resident Information* on the website or contact Customer Service for a copy.

Vandalism

Rewards – The District offers a \$500 reward for information resulting in the arrest and conviction of vandals.

Maintenance

The District maintains its parks, pools, and trails. The District is also responsible for maintaining the median along Great Oaks Drive. Several events are hosted annually by the District encouraging community involvement in the upkeep of District lands and facilities. **Keep Brushy Creek Beautiful, Earth Day, and Texas Recycle Day** dates and times of directed activities are published in the District newsletter, Parks and Recreation Program Catalog, and on the District website.

Thank You

We hope you enjoy all the services the District provides and welcome you to the neighborhood. For additional information, please visit the District website or contact Customer Service in person, via email, or by telephone at (512)255-7871 ext.1 or customerservice@bcmud.org .
