Any such changes shall be effective the first day of the month following the elapse of the notice period. No other changes may be made to a membership type during the initial 12 month membership period. By way of example, a family membership may not be converted to an individual membership during the initial 12 month membership term.

After the expiration of the 12 month membership term, any member may change a membership plan at any time by providing not less than 30 days prior written notice to the District. Any changes shall be effective the first day of the month subsequent to the end of the 30 day notice period.

The Board of Directors of the District may change membership types at any time.

III. Annual Membership Term

Upon completion of a Membership Application and payment of the applicable fee, the membership term shall commence. **The minimum term of a membership is one year, without exception.**

After the elapse of the initial 12 month membership term and upon providing not less than 30 days prior notice, then a member may terminate a membership, as described in more detail to follow.

By signing a membership agreement, each member agrees that he/she is signing a contract with the District that obligates the member to pay for the membership for a period not less than one year, and that the member will receive no refunds, except as specifically authorized herein. There shall be no extensions of membership for non-use.

IV. Membership Privileges

All memberships shall be entitled to use of the Community Center and to participate in the District's recreational programming in accordance with the District's rules, policies, and procedures, including appropriate payment. District pass memberships shall have access to and use of the District's tennis courts and swimming pool facilities at a reduced cost.

In the event a member's account remains delinquent for 30 days during the initial 12-month membership term, membership privileges shall automatically terminate for the remainder of the contract term until all delinquent payments and fees are made to the District, and the account is otherwise brought into good standing.

In the event of termination of membership privileges for nonpayment, that member shall not be entitled to enroll in any District park and recreational programs or activities of any kind until all outstanding amounts due the District are paid in full and the account is otherwise brought into good standing.

Membership privileges are personal to a member and may not be sold, transferred, or otherwise assigned in any manner.

The Board of Directors of the District may change membership privileges at any time.

V. Termination of Membership

A member may not terminate a membership during the initial 12 month membership term except for the following reasons:

- a. An individual member is activated for military service. Under such circumstances, the member must provide a copy of military orders from the issuing authority;
- b. An individual member or head of household (for a family membership) is permanently relocated for a business more than 50 miles from the address set forth in the membership application. Under such circumstances, the member must provide a copy of a utility bill or other correspondence to demonstrate the new domicile; or
- c. An individual member or head of household (for a family membership) dies. Under any such circumstances, a membership may be terminated by providing not less than 30 days prior written notice of termination to the District at the Community Center. The termination will be effective the last day of the month after elapse of the 30 day notice period.
- d. An individual member or head of household is subject to a refund within 24 hours of their purchase of a membership if they change their mind.

A membership may be terminated by a member at the expiration of the initial 12-month membership term, or any time thereafter, by providing not less than 30 days prior written notice of termination to the District at the Community Center. The termination will be effective after 30 days has elapsed. In the event a membership is not in good standing at the conclusion of

the initial 12-month membership term, it shall automatically terminate at such time.

The District may terminate membership or suspend membership privileges, in its sole and absolute discretion, if a member violates any terms of these policies, of the membership contract, or any rules regarding the use and enjoyment of the Community Center. In the event of such termination, no refund of prepaid membership fees shall be made.

In the event a member's account remains delinquent for 30 days after the expiration of the initial 12-month period, then the District shall terminate the membership account automatically after elapse of the 30-day period.

Upon termination of membership for any reason, a person or family that desires to become a member again shall be required to pay all fees applicable to new memberships. Further, in the event a membership is terminated by the District because payment is delinquent, then membership shall not be available to that person or family unless the delinquent sum for the prior membership is also made to the District.

Upon termination of membership by the District for nonpayment, other than automatic termination for nonpayment within 30 days after the expiration of the initial 12-month membership period, then that member shall not be entitled to enroll in any District park and recreational programs or activities, or make reservations for the use of any District facilities of any kind until all outstanding amounts due the District are paid in full. Further, all bookings, reservations, league participation, and other privileges relating to the Community Center or the District's facilities and programs shall be cancelled.

VI. Suspension of Membership

A membership may be suspended once each annual contract term for a limited period (not to exceed three consecutive months) in the event of any of the following circumstances:

- a. An individual member or head of household (for a family membership) becomes disabled, sick, or injured for a period exceeding 30 continuous calendar days. Under such circumstances, the member must provide a copy of the doctor's note to the Community Center; or
- b. Other hardships of extraordinary nature. Vacations, temporary work assignments, and similar circumstances shall not be considered a hardship justifying suspension of a membership.

In the event of suspension for one of the foregoing authorized reasons, no refund will be issued to the member. Instead, the District will freeze the membership and a member's payment obligations for the suspension period and contract term (and payment obligations) will be extended accordingly.

Upon suspension of a family membership, no family members shall have any membership privileges during the suspension period. The suspension of a membership shall not impact any person's right to reserve Community Center facilities or engage in District programs and activities unrelated to membership.

The District shall not be obligated to suspend any membership. Decisions regarding suspension of a membership shall be in the sole and absolute discretion of the District.

VII. Termination or Suspension of Membership and Privileges for Violations of Texas law on District Property, or During Pendency of Criminal Investigations
